REACT	CSS

### TOOLS

GIT	VISUAL STUDIO
AZURE	AWS
JIRA	INTELLIJ
DOCKER	CONFLUENCE

### OBJECTIVE

Passionate about building great software with great people! To me, meaningful work comes from impactful solutions, collaboration and team synergy.

### EXPERIENCE

#### Software Developer | Opus Inspections

2023 - Present

- Concurrent, full-stack development and maintenance of four public facing websites such as [wisconsinvip2.org](http://wisconsinvip2.org) and [ctemissions.com](http://ctemissions.com), on a small team of six developers
- Collaborate closely with Project Managers, QA, Technical Leads, and Business Stakeholders to design and implement features that support balance between code reusability and specific customer requirements
- Displayed ownership of my software quality by writing comprehensive automated tests to ensure consistent, reliable performance
- Independently streamlined and documented deployment processes, later adopted by other teams, improving cross-team efficiency and consistency

#### Software Developer II | Capital Insurance Group

2021 - 2023

- Collaborate with an agile team of twelve to design, develop, maintain and test two full-stack web/desktop applications
- Established and documented a standardized training program for three junior developers to assist with onboarding and mentorship

#### Technology Associate | Capital Insurance Group

2020 - 2021

- Wrote an automated test suite that reduced bugs and manual testing time
- Write SQL scripts and update SQL packages to resolve bugs
- Featured as Intern of the Month on company newsletter and website

### EDUCATION

#### Eastern Washington University | BS Computer Science & BA Music

2017 - 2021

- Graduated 2021 Cum Laude and BSCS Outstanding Student
- Placed 2<sup>nd</sup> in EWU Programming Competition
- BA in Music involved Sound Design classes and emphasis in piano
